TO: Dubois County Commissioners

FROM: Greg and Theresa Matheis, Mark and Pat Jahn, Donald and Sheryl Eckert, Arnold and Ann Eckert, Tom and Juanita Eckert, Owners.

RE: Linus Eckert's 1st Subdivision (Jasper-Dubois Road)

COMPLAINT NO. 1

At this time, we, the owners of the sub-division, are requesting a full refund for all out of pocket expenses to widen the road (approx. 1200') to County specifications. We are not requesting a refund for manual labor to clear the roadway and dispose of all the brush and trees, or for the loss of income on the funds used to finance the project. The land, as in the case of Mr. Albert Hoffman, has been donated by Mr. Linus Eckert.

Reason: We, the owners, believe the County (County Officials) were fully aware that the roadway located in front of Mr. Hoffman's property was to be widened, and was already in the planning stages the same time we the owners were debating the road requirements. And, that the same County Officials deliberately withheld this information. And, deliberately let us spend our private dollar to widen the road, when, in fact it should have been public funds.

<u>Actual Expenses Incurred/Paid:</u>	Cave Quarries	\$5,014.87
	Dubois Co.	1,500.00
	Lechner's, Inc.	398.75
	Hasenour	432.00
	<u>TOTAL</u>	<u>\$7,345.62</u>

COMPLAINT NO. 2

We, the owners of the subdivision, have paid for twelve (12') feet of asphalt from the center line of the road. At this time, the yellow center line is in the center of the road, giving us only eleven (11') feet of asphalt. At this time, we are not in compliance with the road requirements which require the twelve (12') feet.

Reason: We paid for it and we want it corrected!

NOV 5 1990

Basil C. Kunkel

Summary: We are here at this time to request for a refund that is due us. It is only ethical, moral and right. Our situation does not affect other sub-divisions since our complaint is that the widening of the road was already in planning. And, because the Jasper-Dubois road is a major thorofare. Obvoiusly, you agree on this, why else would you spend thousands of dollars to straighten and widen it.

Also, we the owners feel that this is a great compromise on our part by donating our manual labor, land, and use of our money. Not to mention the surveying fees along the widened area.

This meeting/request was a suggestion of our Attorney. It is hoped that you see our point of view and judge fairly, right. We will, if necessary pursue our case much further if necessary. We also feel that public record will validate our claim and that public support will be behind us all the way.

Thank you for your time and consideration.
