ORDINANCE NO. 89- 5

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF DUBOIS COUNTY, INDIANA, VACATING A PORTION OF COUNTY HIGHWAY #875W IN BOONE TOWNSHIP, DUBOIS COUNTY, INDIANA

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF DUBOIS COUNTY, INDIANA, THAT:

Section 1. It is the finding of this Commission, after public hearing, that adequate reason exists for the vacation of the following portion of County Highway #875W located in Boone Township, of Dubois County, Indiana, to-wit:

Beginning at the Southeast corner of the Northwest Quarter of the Southwest Quarter of Section 22, Township 1 North, Range 6 West, and running thence north along the east line of the Northwest Quarter of the Southwest Quarter and thru the south half of the Northwest Quarter, thence thru the Northwest Quarter of the Northwest Quarter, all in said Section 22, thence through the Southwest Quarter of the Southwest Quarter of Section 15, Township 1 North, Range 6 West, to the west line of said quarter-quarter Section;

that proper notice has been given of said hearing; that no public benefit is to be derived from the continued existence of said public roadway; that all adjacent property owners have petitioned the vacation of said highway; that the vacation of said highway will not diminish the value of any other real estate located in the vicinity thereof; and that no reason exists of the continued existence of said highway and the same should now be vacated.

Section 2. That said public highway as herein described shall be and is hereby vacated, subject however to a continuing perpetual easement as to any public utility now located within the boundaries thereof.

Section 3. This ordinance shall be in full force and effect from and after its adoption.

DUBOIS COUNTY, INDIANA
ORDINANCE NO. 1989-6

AN ORDINANCE ESTABLISHING A UNIFORM NUMBERING SYSTEM FOR HOUSES AND STRUCTURES LOCATED WITHIN THE UNINCORPORATED AREAS OF THE JURISDICTIONAL AREA OF THE DUBOIS COUNTY ADVISORY PLAN COMMISSION IN DUBOIS COUNTY, INDIANA, AND SETTING FORTH CERTAIN PROCEDURES FOR THE IMPLEMENTATION OF SUCH SYSTEM, AND FOR THE RENUMBERING OF HOUSES AND STRUCTURES NOT IN CONFORMITY WITH SUCH SYSTEM.

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF DUBOIS COUNTY, INDIANA:

ARTICLE I. UNIFORM NUMBERING SYSTEM

A plan for the orderly and systematic numbering of houses and structures located within the jurisdictional area of the Dubois County Advisory Plan Commission is hereby enacted (herein after "Uniform Numbering System"). Any and all ordinances previously adopted by the Board of County Commissioners of the County of Dubois, Indiana, regarding the numbering of houses and structures are hereby deemed repealed.

ARTICLE II. RELATION TO HEALTH AND WELFARE

The numbering of houses and other structures in an orderly and systematic manner will make the location for such houses and structures more expeditious in cases of fire emergencies, in situations involving immediate need for medical attention for members of family or occupants of a building, and in instances where police protection may be required with haste. An orderly and systematic house numbering process will also enhance the delivery of goods and services, as well as increase the efficiency of operations such as postal delivery.

ARTICLE III. CONFORMITY

From the effective date of this ordinance, the numbering of all houses and structures located on lots or parcels of land abutting public streets or roads within the jurisdictional area of the Dubois County Advisory Plan Commission shall be accomplished in conformity with the Uniform Numbering System as herein described. At the time of issuance of any permit for the construction of a house or structure, a number shall be assigned by the Dubois County Advisory Plan Commission to said house or structure as hereinafter provided. Such number shall be included on the permit, and no permit authorizing the occupancy of a house or structure shall be issued and no final inspection of a building performed for the purpose of permitting its occupancy shall be deemed complete unless such house or structure displays, at the time of inspection, the officially assigned number in full compliance with the standards of this ordinance.

ARTICLE IV. BASE LINES AND SEQUENCES

Section 1. The base lines for the Uniform Numbering System shall be as described below and numbers shall be assigned in each of the four (4) cardinal directions, increasing from zero at the point of intersection of the base lines.

The east and west base line shall be the line dividing Township 1 South and Township 2 South.

The north and south base line shall be the line dividing Range 4 West and Range 5 West.

Section 2. The general rule shall be 500 numbers to one-half mile, except in certain areas where the irregular direction of the county highways makes variations necessary. See the attached map.

Section 3. All streets and roads and parts thereof running north and south shall add either the word "North" or "South" to the end of their official name, as is appropriate for their location in relationship to the above described east and west base line. All streets and roads and parts thereof running east and west shall add either the word "East" or "West" to the end of their official name, as is appropriate for their location in relationship to the above described north and south base line.

Section 4. All streets and roads and parts thereof that run at an angle, or in a curved manner in relationship to the four (4) cardinal directions, shall be considered and have assigned to their name the one cardinal direction in which they predominately traverse Dubois County.

Section 5. Even numbers shall be assigned to the east side of north and south streets and roads and the south side of east and west streets or roads. Odd numbers shall be assigned to the west side of north and south streets and roads and the north side of east and west streets and roads.

ARTICLE V. ADMINISTRATIVE OFFICE

The Dubois County Plan Department shall act as the Administrative Office (hereinafter "Administrative Office") in charge of issuing numbers to houses or structures in compliance with the provisions of this ordinance. The Administrative Office shall issue numbers to all new houses or structures, renumber houses and structures whenever it becomes necessary to do so in the implementation of the Uniform System, and cause the numbering of all existing homes or structures which are not numbered to be numbered in accordance with the provisions of this ordinance. Barns, sheds and outbuildings not used for a habitation or business shall not be numbered.

ARTICLE VI. NUMBERS OTHER THAN ON PUBLIC STREETS AND ROADS

The Administrative Office may, if it deems proper and necessary for the implementation of the Uniform Numbering System, assign numbers to houses or structures that are situated on private streets or roads within the jurisdictional area of the Dubois County Advisory Plan Commission.

ARTICLE VII. STANDARDS FOR THE POSTING OF HOUSE NUMBERS

The owner or occupant of a house or structure located within the jurisdictional area of the Dubois County Advisory Plan Commission shall post officially assigned numbers in a location providing easy identification from the abutting street or road. Such official number may be placed attached to the mail box (as according to postal regulations) or on a post or outside light, or on any prominent place on the house or structure so that the number is identifiable, and it is recommended that such number be at least a minimum of two (2) inches in height.

ARTICLE VIII. RENUMBERING OF HOUSES AND STRUCTURES

Houses and structures that were numbered prior to the effective date of this ordinance shall be renumbered in order that the same may comply with the Uniform Numbering System and so that the numerical harmony throughout an area or areas is substantially achieved. The Dubois County Advisory Plan Commission, as designated in this ordinance, shall authorize such changes.

ARTICLE IX. NOTIFICATION OF LOCAL AGENCIES

The Administrative Office, shall provide a uniform system of notification of the issuance of numbers or the renumbering of houses and structures. Notification shall be made reasonably ahead of impending changes so as to allow major interested groups

and agencies to plan and to prepare for proposed changes. The Administrative Office shall keep accurate records and shall, from time to time, prepare and make available to the Dubois County Commissioners a report of the status of the implementation of the uniform numbering system. In the assignment of house numbers, the Administrative Office shall use its best judgment and shall carefully consider and evaluate all contingencies and shall, with due regard to the sensitive nature of the job assigned to it, be considerate of the citizens of Dubois County.

Ordinance No. 1989-7, being an ordinance for County Roads in Subdivisions with frontage on County Roads. The Ordinance was read and approved on motion of Commissioner Mary Lou Schnell, seconded by Commissioner Virgil Schnaus and unanimously carried. Ordinance No. 1989-7 was declared approved, adopted and signed by the Commissioners. Said Ordinance is as follows:

ORDINANCE NO. 1989-7

AN ORDINANCE ESTABLISHING SUBDIVISION ROAD IMPROVEMENT STANDARDS FOR SUBDIVISIONS WITH FRONTAGE ON EXISTING DUBOIS COUNTY HIGHWAYS

Be It Ordained by the County Commissioners of Dubois County, Indiana, that all new additions and subdivisions hereafter platted with frontage along existing county highways shall be improved by the owner or developer to the following standards.

SECTION 1. A right-of-way is to be dedicated along the county highway thirty feet (30') from the centerline of the county highway along the entire frontage of the plat.

SECTION 2. The existing county roadway is to be widened to a width of twelve feet (12') of driving lane plus six feet (6') of aggregate shoulder, measured from the centerline along the frontage of the plat.

SECTION 3. The existing highway is to be widened with a pavement and base of similar type and depth to match the existing roadway along its centerline.

SECTION 4. The six foot (6') shoulder shall be six inches (6") of compacted aggregate.

SECTION 5. The widened roadway and shoulders are to be tapered at the limits of the addition or subdivision frontage to match the existing roadway and shoulders.

SECTION 6. All owners or developers, prior to starting any of the work covered by this ordinance, shall make arrangements with the Dubois County Highway Department for approval of their plans and specifications and for inspection and approval of the roadway as constructed.

SECTION 7. The Board of Commissioners of Dubois County, Indiana reserve the right to modify any of the requirements of this ordinance where it can be shown that local conditions do not warrant construction of a roadway required by this ordinance. The owner or developer shall make a written request to the Dubois County Commissioners stating the reason for such proposed modification and a copy of the proposed construction plans prior to any construction.

APPROVED AND ADOPTED by unanimous vote of the Board of Commissioners of Dubois County, Indiana, at a meeting held this 1st day of May, 1989.

ORDINANCE NO. 1989-8

Basil C. Hunkel

An Ordinance to establish a Dubois County enhanced emergency telephone system and establishing an enhanced emergency telephone system fee.

WHEREAS, the 105th General Assembly of the State of Indiana, in its 1988 session, did adopt House Enrolled Act 1062, subsequently designated Public Law (P.L.) 91-1988, section 5 of which became codified as Indiana Code (IC) 36-8-16-1 et seq.; and,

WHEREAS, IC 36-8-16 recognizes that counties and municipalities, may establish enhanced emergency telephone systems utilizing the three digit number 9-1-1 to send automatic number identification and automatic location identification for reporting emergency situations; and,

WHEREAS, IC 36-8-16-5 authorizes counties and municipalities, through their fiscal bodies, to impose on all users of exchange telephone service in their jurisdictions, a uniform monthly fee which may be used for the installation and operation of an enhanced emergency telephone system; and,

WHEREAS, the Dubois County Council hereby finds that the establishment and funding of an enhanced emergency telephone system would be in the best interest of the residents of Dubois County;

NOW, THEREFORE BE IT ORDAINED BY THE COMMON COUNCIL OF DUBOIS COUNTY, INDIANA, THAT:

Under the authority of and subject to Indiana Code 36-8-16 an enhanced emergency telephone system is hereby established together with a fee system to provide for the funding of an enhanced emergency telephone system to serve Dubois County, Indiana. This fee shall be collected from the telephone service users of Dubois County and administered in accordance with the following terms.

SECTION 1. DEFINITIONS.

a. "Enhanced emergency telephone system" defined. As used in this chapter, "enhanced emergency telephone system" means a telephone system that utilizes the three digit number 911 to send automatic number identification and automatic location identification for reporting police, fire, medical, or other emergency situations.

b. "Exchange access facility" defined. (a) As used in this chapter, "exchange access facility" means the access from a particular service user's premises to a telephone system.

(b) The term includes:

1. An access line;
2. A private branch exchange (PBX) trunk; and
3. A centrex line trunk equivalent;

that is provided by the service supplier. The term also includes a mobile telephone system access trunk, whether the trunk is provided by a telephone company or a radio common carrier.

(c) The term does not include:

1. A service supplier owned and operated telephone pay station line;
2. A wide area telecommunications service (WATS) line;
3. A foreign exchange (FX) line; or
4. An incoming only line.

c. "Service supplier" and "service user" defined. (a) As used in this chapter, "service supplier" means a person who provides exchange telephone service to a service user.

(b) As used in this chapter, "service user" means a person to whom exchange telephone service is provided.

SECTION 2. A monthly fee of \$.87 per telephone access line or other exchange access facility will be collected by the service supplier to pay the lease, purchase or maintenance of enhanced emergency telephone equipment, including necessary computer hardware, software and data base provisioning; and the rates associated with the service suppliers' enhanced emergency telephone system network services.

SECTION 3. The service supplier(s) shall be entitled to retain an administrative fee of 3% of the monthly fees collected as compensation for collecting the fees.

SECTION 4. All monthly fees collected except for the 3% administrative fee shall be remitted to the Auditor of Dubois County within ten (10) days after the last day of the calendar year quarter. With the fee remittal, the service supplier shall provide a fee collection report on a form provided by the Dubois County Auditor.

SECTION 5. The Dubois County Auditor shall deposit the remitted fees in a separate fund named the "Dubois County Emergency Telephone System Fund". The Dubois County Auditor may invest monies in the fund in the same manner that other monies of the county are invested with the interest earned from such investment to be deposited in that fund.

SECTION 6. During January of each year, each service supplier that collects the enhanced emergency telephone system fee for the county shall provide a delinquent fee report to the Dubois County Auditor. The report shall list the name, address and amount due for each service user who is two (2) or more months delinquent in paying the fee.

SECTION 7. Each service supplier shall commence collecting the enhanced emergency telephone system fee from its service users in the month of September 1, 1989.

SECTION 8. This ordinance shall be in full force and effect on the first day of the second month after its passage by the Dubois County Council.

PASSED by the County Council of Dubois County, Indiana, on this 10th day of July, 1989.
